2024 NISGA'A FISHERIES TAG RECOVERY PROGRAM

With your help, we can learn more about Nass Salmon stocks

If you catch a Sockeye, Coho, Chinook, Chum, or Pink salmon in the Nass River or in a tributary stream, please check to see if the fish is tagged, as follows:

- Chinook:** Silver aluminum tag on left gill plate (operculum)
- Sockeye:** Coloured 'spaghetti' tag under the dorsal fin (various colours)
- Coho:** Blue anchor tag under dorsal fin
- Chum:** Yellow or Orange aluminum tag on left gill plate
- Pink:** Pink anchor tag under the dorsal fin
- Dolly Varden:** Purple or Orange anchor tag under the dorsal fin

If your catch is tagged, please record the following tag information:

- species
- tag number and colour
- capture date and location

Please give the tag and tag information to your local catch monitor or to the Nisga'a Fisheries office from Monday to Friday between 9:00 am to 5:00 pm. For each **tag returned**, you will be entered into an **annual prize draw** consisting of **seven \$100 draws** [3 Chinook; 3 Sockeye; 1 Coho/Pink]. **Tag return deadline: Friday, November 8, 2024. Computerized Tag Draw Date: Wednesday, November 13, 2024.**
